Robin,

Can you answer Brian Tetlow's question below regarding tabulation/graphing of results from QC samples?

Regards,

Jill

>>> <brian.tetlow@covance.com> 5/3/02 8:38:35 AM >>>
Jill,

Good morning. Find attached an excel spreatsheet with the results for the ISOP and DTBX results for this study. Please note that two of the ISOP values were deemed unsuitable(as per our validation) because the duplicates values were unrepeatable.

Would you want me to have all of the results from the Quality Controil samples tabulated and graphed as with the previous study ?

Regards, Brian
